Description

Hi I have for sale the 1890s bow-fronted enamel French crystal regulator mantel clock in fully original condition with an eight-day running movement in a very nice large brass and enamel inlaid case and all run via a Mercury pendulum. French made by Couillete & Co. This clock has had the whole movement fully restored ultrasonic cleaned and hand polished around two months ago with new springs put in then re-built & oiled screws re-blued so runs strong for the eight days striking on a sweet blued gong to the rear. The Case The case is in solid brass and enamel with mega thick beveled glass sides in original condition, the case is very heavy standing 27cm high x 17cm wide with a depth of 12cm it is in perfect original condition very shiny, and has been very well looked after over the years, with 4 mm thick beveled glass on all four sides the front and back are doors which open with ease, all of the glass is in mint condition no chips or cracks. The Dial The dial is in original condition in white porcelain with blue Arabic numerals. The Movement The movement is an eight-day time and strikes striking the hours and halves on a sweet blue gong a real quality movement, which st...
