Description

An impressive early 20th century antique oak bookcase. The oak bookcase has three fitted shelves, creating four various sized storage spaces. The antique bookcase is raised on decorative half pilasters to either side with a carved detailed rail to the top. A rather attractive bookcase, with lovely colour and grain throughout. Originally a rack back top of a dresser, however we believe it works well as an impressive bookcase. Item Ref; M-1650b . DIMENSIONS: Height – 137.5cm / Width – 176.5cm / Depth – 26cm . CONDITION REPORT: In good antique condition throughout with some signs of age. There is surface wear in places including age-related marks, scratches and shrinkage to the sides (pictured), further marks and stains to the shelves (pictured). The antique oak bookcase remains structurally solid and sound. Originally a dresser top, however we believe it works well as an impressive bookcase. Overall, a good example of its kind. Our carpenter inspects, repairs, and restores our items, so you can have full confidence that what you buy from us is ready for your home! We ask that you take the time to look at all the photos as they form part of the description and condition repo...
