Item Reference: SA964428

Date of manufacture: 1880

Dimensions

Height = 21 cm (8.3")

Width = 10 cm (3.9")

Depth = 9 cm (3.5")

Description

Hi I have for sale a French striking and repeating carriage clock made in France around 1880; in the rare silvered and gilded case and is simply stunning one of the best I have ever seen and striking on a gong has been fully restored with new springs all screws and gong re-blued in a stunning condition not signed but I think a Jacot? This is one large heavy clock built to top spec and a must for the best of collections a very rare case not often seen for sale, with the solid handle also. The Case The case is in solid shiny gilt and stands 21cm high x 10cm wide with a depth of 9cm it is in perfect condition with mint thick 3mm beveled sides/front/ and top viewing glass. The case is very shiny and hard to photograph they do not do the clock justice at all. The Dial The dial is in original condition in white porcelain, the clock has very fine original black spade hands, with the bold but fine Roman numerals. The Movement The movement is an eight-day time and strike which strikes the hours via a small sweet gong to the rear and also has the repeater button on top to repeat the last hour strike, the movement has been serviced and oiled so keeping a great time over the eight...

Internal Ref: Clive Repeater 1
