Description

Hi I have for sale an 1890 French carriage clock made in France, the clocks case and movement have both been fully restored ultrasonic cleaned and the movement re-built oiled run, and tested and a new platform escapement was added so a few Hundred pounds saved against a cheaper clock. This is a genuine French cloisonné enamel carriage clock, not a modern reproduction or China copy. The Case The case is in solid brass and stands 16cm high x 9cm wide with a depth of 6cm it is in perfect condition with beveled glass front and top/side viewing glass. This case has the Cloisonné enamel front pillars and is in the serpentine case style with chasing top and bottom. The Dial The dial is in original condition in white porcelain with black Arabic numerals and contains the original black ornate hands. The Movement The movement is an eight-day time only, the movement has been fully ultrasonic cleaned and hand polished serviced, and oiled so the clock is keeping good time over the eight days. the clock comes in the original box with the original key. Overall a very rare beautiful quality carriage clock by a quality French maker that looks stunning on display and contains all of its...
