Gents Eterna Matic automatic wrist watch, 1956

Price

Sold**Item Reference: SA965223****Date of manufacture: 1950**

Description

Gents Eterna Matic automatic wrist watch, 1956. The watch has a 21-jewel automatic movement, calibre 1428U, which is working nicely. The movement is fully signed and it has the serial number 4,010,378 dates it back to 1956. The watch measures 32.5mm diameter excluding the winding crown and the lugs. The case is stainless steel and the front and sides are in good condition. The screw-on case back, signed Eterna Watch Co inside, has some marking around the edge. The watch has a plain winding crown, a period replacement which sits well with the watch. The lens is in lovely condition. The signed dial is in its original finish with original hands, centre seconds hand and outer minute markers. There is some darkening to the dial. A new leather strap has been fitted. The watch comes in a new presentation box.
