Description

This is an incredible example of a ladies wristwatch. It has a solid 18ct white gold case surrounded by diamonds and then more diamonds to the beautiful articulated shoulders and the double strand bracelet which are incredibly white, bright and crisp - elegant and very much in the classic Art Deco design. The case measures 14mm wide excluding the winding crown and the face is small measuring 8mm wide but this is very much an item of jewellery just as much as a time piece, the facet cut sapphire glass gives it that extra sparkle. There is approximately 4cts of diamonds in total. It will fit a maximum wrist size of up to 6.25 inches or 16cms. The calibre 118 longines movement is the smallest they ever made. It is quite stunning, the case professionally cleaned and polished so it is absolutely pristine. This watch certainly has that understated elegance which resonates class. Overall this watch is simple stunning and was obviously extremely well cared for, it would certainly make a perfect gift for any lady especially when worn with that little black dress - very Audrey Hepburn! This watch has been fully and professionally overhauled, the process is highly detailed ...
