Description

Large buttoned leather stool This Large buttoned leather stool stands on turned solid mahogany William IV legs with the original castors. The mahogany is typical of the period, as the cabinetmakers used the best dense mahogany that was available at the time. The stool is covered in deep buttoned GRADE 1 English leather before being hand coloured, and then the antique finish is applied. Once the stool was covered in the fine leather, it is then secured to the frame by our skilled craftsmen, tapping in each brass stud individually, a skilled job but it also requires much patience. This stool/coffee table was constructed some years ago using William IV period turned legs to make this special stool, to fit in with our modern-day requirements. Large buttoned leather stool as the centrepiece to your drawing room, it is not only superb to look at it provides different functions i.e. a special coffee table or extra seating for when you have family and friends to visit. Just think of the pleasure this stool will give you. 135cms wide 53ins 85cms deep 33 1/2ins 39cms high 15 1/4ins Whilst we take great care measuring the sizes may not be exact.
