Description

Antique grandfather clock. Signed on the dial William Buchanan, Stonehaven (Scotland). The case has some age related marks and as can be seen the top of the hood has some damage. The hood door glass has been replaced. The 8 day movement is in full working order striking on a bell on the hour, fronted by a 12 inch painted dial in good condition. The paintwork is original depicting a Farrier tending to a horses shoe. The dial also benefits by having a seconds dial and date calendar dial. The clock is a desirable size being only 6'6(78 inches) tall to the top of the swan necks and 17.5 inches wide. Viewing/Collection from chesterfield. Delivery is also available.
