Sold**Item Reference: SA966420****Date of manufacture: 19th Century**

Description

A very pretty early 19th century solid mahogany hall chair – probably by GILLOWS of LANCASTER, with a shaped and gadrooned back centred with a particularly fine carved crest; solid seat and supported on typical Gillows turned and reeded legs with carved anthiemon to both the front corners. A good quality chair. There is good depth to the patina and gorgeous colouration. There is some evidence of a past crack to the seat which has been well restored at some point (see images) and certainly does not detract from the chairs beauty. Dated: c.1825-35 Dimensions: Width: 17.5 inches. Depth: 16.5 inches. Height: 32 inches (44.5 x 42 x 81.5 cm)
