Description

A wonderful 'Sunburst' design on this soft toned and interesting antique Mahal carpet woven on a soft pink to terracotta background. This design we often see on Caucasian rugs such as Zejwa or Chelaberd rugs, it is rare to see it on a large scale on a Persian antique carpet. It works extremely well as a large geometric design and the variation of beautiful colours from oranges, reds, greens and blues to yellows and off white stone colours. The border of deep blue indigo balances the composition really well and adds warmth to the carpet. Condition is fairly good, with a finer weave than most Mahal carpets, some areas of lower pile are apparent and scattered in places. This carpet has already been used on a floor for over 100 years and is showing some wear. Supplied with our excellent underlay this would add body and stop the carpet from moving on the floor, it also aids wear, as most wear comes from movement. We love to help customers and interior designers source the ideal carpet for a room, if this beautiful antique Mahal carpet is of interest to you please request a home visit to arrange a time to view it in situ. We travel all over London and the UK & Europe sho...
