Description

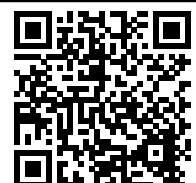

A smart and useful mahogany chest of drawers in the antique Georgian style. This was made in England, it dates from around the 1930-50's. It is very well made, with beautiful flame mahogany grain patterns and high quality brass handles. The top and drawer fronts are cross banded, there is a pull out brushing slide at the top, this sits on bracket feet and has a serpentine shaped front. This chest has reeded, canted corners & the drawers are graduated in depth. We have recently had this re-polished, it is in excellent condition for its age. There is just some minor wear and a lovely overall patina. Width – 28 inches , 72 cm Depth – 20 inches , 51 cm Height – 32 inches , 81 cm
