## Antique chronograph pocket watch

Price

**Sold****Item Reference: SA967825****Date of manufacture: 1900**

## Description

Antique chronograph pocket watch. The watch has a good quality stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is nickel and it is in good condition, just a couple of minor bruises but nothing too serious at all. There are initials to the back of the watch. The thick watch glass has a little marking to the top edge but not too noticeable to the naked eye, other than that it is in good condition. The dial has an old repair around the centre but otherwise is in good condition. Two subsidiary dials, one to record up to 30 minutes and the other for constant seconds. Pin-set hands. The watch comes in a new presentation box.
