Description

Antique 1922 silver Revue full hunter pocket watch. The watch has a good quality Swiss Revue movement with screw-set jewels, snail cam micro-regulator and Breguet hairspring, which is working nicely. The movement is protected by an inner hinged cover which has the name of the original owner of the watch, F J Perry, Sept 3rd 1923. The watch measures 53mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks for Birmingham 1922 with a case maker's mark for Aaron Dennison. The Dennison Watch Case Company was a prolific manufacturer of cases for various watch makers. The front of the case is in good condition, just a slight hint of unevenness. There is a cartouche with Mr Perry's initials. The case back has unevenness. The winding crown pushes in to open the front cover. Inside, there is a glass lens which has very minor marking. The dial is in lovely condition with blued steel hands, a subsidiary seconds dial and outer minute markers. There is a shade of darkening to the subsidiary seconds dial. The watch comes in a new presentation box.
