Description

This is a very attractive well made set of Ash drawers. These are from the Aesthetic movement so date to around 1870. This piece spent a bit of time in a school and has the starts of historical graffiti on the top left drawer. Which I love as it only adds to the character of the piece. Overall condition is very good with smooth running drawers and retains the original key. Some locks are missing but the drawers with locks can be locked as the key works. The wear and patina to the piece is some of the best I have seen. Clean top and no major issues. Height 118cm Width 122cm Depth 54cm Price includes UK mainland delivery
