Description

Gents 1960s Accurist wrist watch. The watch has a signed 21-jewel hand-winding movement which is working nicely. The watch measures 33mm diameter excluding the winding crown and lugs. The main body of the case is gold plated and it is in good condition, just a small patch of wear behind the winding crown so not visible when the watch is being worn. The signed stainless steel case back has a few scratches where it has been removed in the past. The case back and dial that the watch is waterproof but, as with any vintage watch, it should be kept away from water and moisture. The lens is in good condition. The signed dial is in good original condition with original hands, centre seconds sweep and outer minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
