Description

This is a very high quality c.1900 English country house sofa. The camel back design is classic and sits so well in a large number of interiors. What's most impressive with this sofa is the depth of the seat which makes it extremely comfortable and with the addition of scatter cushions it would be a real feature in the room. The carved mahogany frame as well is particularly nice with the ball and claw feet and serpentine front rail. A true piece of country house furniture. Measurements Height 75cm Width 188cm Depth 100cm Depth of seat 86cm Height of seat 46cm (On my website) If you would like this sofa upholstered please click yes in the upholstery drop down menu. This would require 14 metres of material. You can supply your own or please browse our collections under the material section. All my armchairs and sofas have been fully restored, springs, legs, padding etc so these will stand the test of time even if used everyday. Price includes UK mainland delivery
