

SA971239

Antique Omega pocket watch, 1928

Price

Sold**Item Reference: SA971239****Date of manufacture: 1920**

Description

Antique Omega pocket watch, 1928. The watch has a stem-winding movement, calibre 19LBN, which is working nicely. A good quality 15 jewel movement, adjusted in two positions. The movement is fully signed and it has the serial number 6,842,565 which dates it back to around 1928. The watch measures 52mm diameter excluding the winding stem and the loop. The semi-hermetic case is nickel and it is in lovely condition. The inside of the case back has the early Omega logo. The glass lens is in lovely condition. The signed dial has blued steel hands, a subsidiary seconds dial and outer minute markers. There are quite a few short hairline cracks around the perimeter of the dial, particularly around number 12. The watch comes in a new presentation box.
