Description

Victorian Tripod Games Table. We bring to you this pretty Victorian small tripod games table believed to be made around C1880. The table features its beautifully inlaid top consisting of Birdseye Maple, Rosewood, Mahogany and Ebony to form its Chess board. This table has a curved rectangular 1 piece top and a finely turned centre support which finishes to 3 shaped and scrolled tripod legs with a drop finial between. This table is in fantastic condition featuring its beautifully French polished finish with a warm colour and patina throughout. This very rare table is in a superb condition for its age, the joints are all as tight as they should be with no wobbles. The table does have some historic inactive woodworm (we have treated it regardless) and a historic repair to the underside of the top which has been repaired well and is strong. Please note this item is in beautiful condition for its age as shown in the photographs below however being an antique item it does have the odd bump here and there. However, we feel that these points are which adds charm and character to a piece. Dimensions Height: 725mm Width : 575mm Depth: 450mm Delivery *Private insured courier nor...
