

SA973139

1930s Revue pocket watch and chain

Price

Sold**Item Reference: SA973139****Date of manufacture: 1930**

Description

1930s Revue pocket watch and chain. The watch has a Swiss 15-jewel stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding crown and the loop. The case is the gold plated Sun model which was made by the Dennison Watch Case Company. A Birmingham based case manufacturer and supplier to various watch makers. The case is in good condition with just the odd small mark, nothing too serious at all. The watch glass is in lovely condition. The dial is in super condition. The watch comes with a Victorian single chain, 32cm long including the T-bar and the clasp. There is some rubbing and wear to the finish in places. There is also a St Ignatius of Loyola fob. The watch and chain come in a new presentation box.
