1933 Omega full hunter pocket watch

Price

Sold**Item Reference: SA973163****Date of manufacture: 1930**

Description

1933 Omega full hunter pocket watch. The watch has a Swiss 15-jewel stem-winding movement which is working nicely. The movement is signed with the Omega name and it has the serial number 7,700,808 which dates it back to around 1933. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is nickel. There is unevenness to both the front and back of the watch. The inside of the covers has the early Omega logo. The winding crown pushes in to open the front cover. Inside, there is a glass lens which is in lovely condition. The dial is signed Omega, Importé de Suisse. Blued steel hands, a subsidiary seconds dial and outer minute markers. There are three hairline cracks to the dial but they are quite faint. The watch comes in a new presentation box.
