Description

A stunning and extremely well made burr walnut console / server table in burr walnut. This was made in England, it dates from the 1920's. The quality is outstanding, this has absolutely gorgeous burr walnut grain patterns throughout. It sits on fluted legs with carving at the top edges, the lower front and side edges are beautifully shaped. The interior is felt lined with cutlery dividers, the drawers have brass handles and fine, hand cut dovetailed joints. This is in excellent condition for its age, with a high glass polished finish. There is just some minor wear and very faint marks here and there.
