

SA973608

Antique Waltham gold filled pocket watch, 1908

Price

Sold**Item Reference: SA973608****Date of manufacture: 1900**

Description

Antique Waltham gold filled pocket watch, 1908. The watch has a seven jewel grade 610 stem-winding movement which is working nicely. The movement is fully signed and it has the serial number 27,444,256 which dates it back to 1908. The movement is protected by an inner hinged cover which has some fairly light short scratches. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the gold filled Moon model which was made by Dennisons, an English case manufacturer who supplied cases for Waltham UK. The case is in very nice condition. The glass lens has a short fairly light scratch which is about 4mm long. The signed dial is in beautiful condition with original blued steel hands, a subsidiary seconds dial and outer minute track. The watch comes in an antique box which is tatty but still nice to have.
