Gents 1950s Felicia De Luxe wrist watch

Price

Sold**Item Reference: SA973676****Date of manufacture: 1950**

Description

Gents 1950s Felicia De Luxe wrist watch. The watch has a 30-jewel automatic movement which is working nicely. There are a couple of empty retaining screw holes within the movement however, in this particular case, these screws are not required as the movement is held in place by the retaining ring. The watch measures 33mm diameter excluding the winding crown and the lugs. The case is gold plated and is in good condition. The stainless steel screw-on case back states that the watch is water protected but, as with any vintage watch, it should be kept away from water and moisture. There is a little scratching to the back of the watch. The lens has very minor marking, very acceptable (some white reflection showing in the photos but it is just the light). The dial is signed Felicia De Luxe, a brand name registered by several watch makers / assemblers. The dial is in its original finish. Both of the hands are in the dauphine style but one is a later replacement. A new leather strap has been fitted. The watch comes in a new presentation box.
