Description

A beautiful pair of antique console / side tables in Pine. They were made in England, they date from around the 1880-1900 period. The quality is excellent, they are very well made and are a very useful size. The bow fronted tops have grooved edges, they sit on tapered legs terminating in spade feet, and have lovely carving throughout the bases. The condition is very good for their age & they have just the right amount of wear for their age, with a lovely patina. It makes a change to find a pair like these in original that haven't been painted as so many have these days. Width – 36 inches , 92 cm Depth – 15 inches , 38 cm Height – 30 inches , 76 cm
