Description

A beautiful and extremely well made antique floor lamp with a built in table. This was made in France, it dates from around the 1920's. The quality is superb, the brass has amazing details, and the lamp has a rise and fall mechanism. The table that is built in to the central column has an onyx top, and we have paired this with a cream vintage shade. The condition is excellent throughout, with only some extremely minor surface wear. We have had this re-wired, it is in good working order. Width base – 17 inches , 43 cm Width shade – 23 inches , 58 cm Lowest height to socket – 48 inches , 122 cm Tallest height to socket – 65 inches , 165 cm
