Description

An enormous 18 inch dial regulator wall clock in excellent condition. With a sweeping second hand, large roman numerals and outer minutes around the dial, this clock is particularly rare. It is signed Gillett & Johnston of Croydon, a known maker and bell foundry, established in 1844. Made around 1890, the single fusee movement has been fully overhauled, along with fine quality mahogany case and huge glass door over the dial, making this an especially impressive timepiece.
