Depth = 16 cm (6.3")

Description

Hi I have for sale the most beautiful fully restored solid brass French oval crystal regulator mantel clock in great original condition with an eight-day movement striking on a bell and made in Paris by Hy Marc. The Case The case is in solid brass the clock is very heavy standing 31cm high x 20cm wide with a depth of 16cm it is in very good original condition and has been very well looked after over the years, with thick beveled convex glass on all four sides all in original condition but the back door has a small slither bottom right missing. The Dial The dial is in porcelain with black Arabic numerals and has the original ruby pallets at the top and a slow and fast adjuster above the numeral twelve. The dial is in very good original condition with bold Roman numerals and nice thin moon hands. The Movement The movement is an eight-day time and strikes striking the hours and halves on a silvered bell a real quality movement, which still retains the original key and pendulum. The movement keeps spot on time over the eight days; she was serviced and oiled around two months ago but fully restored with new springs just eight months ago so looking great in this case. The or...
