Description

A lovely example of a pair of gilded wall lights dating from the early 20th century. They are carved wood and have a classical design with two scrolling arms. They have been rewired to modern standards and come with bulbs. The lights are in excellent original condition and display well. The gilding is bright and although there are some signs of age, some minor chips and small losses it isn't detrimental. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK delivery £15.
