Date of manufacture: 1900

Dimensions

Height = 40 cm (15.7")

Width = 28 cm (11.0")

Depth = 28 cm (11.0")

Description

A nice example of a small tabletop chest of 12 drawers dating from the late 19th / early 20th Century. It is made of stained pine and the drawers have small brass knobs. It would have likely originally been used in a workshop to contain small parts or screws. Now it would make a lovely specimen / collectors chest or even a jewellery box or stationery cabinet. It is in good condition for its age and has a lovely patina. The drawers are generally clean and tidy inside. There are signs of age and use, some surface marks and knocks and some wear to the finish but no major damages. The bottom two knobs are different to the rest but overall the piece displays well. It has been cleaned and polished and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK delivery £15.
