Description

A elegant bedroom chair made of satinwood which makes it a rare find. Very unusual to see a chair made of this timber. It is made of such high quality I really expected to find a good cabinet makers name stamp but have not been successful. Upholstery is finished in a light green crushed velvet and the seat height is 34cm. Overall condition is very good and chair is sound and sturdy. Please source own courier for LL29 or please contact seller for possible delivery quote.
