Description

1930s Record Dreadnought full hunter pocket watch. The watch has a Swiss 15-jewel stem-winding movement which is working nicely. The movement has been identified as a Record Dreadnought. Record Watch Company was founded in 1903 and subsequently merged with several companies in 1916 to form Record Dreadnought Watch Co SA. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the gold plated Star model from the Dennison Watch Case Company, a Birmingham based case maker and supplier to various watch makers. The case is in good condition with just light surface marks, nothing serious at all. The winding crown pushes in to open the front cover. Inside, there is a glass lens which is in lovely condition. The dial is in super condition with original blued steel hands, a subsidiary seconds dial and outer minute markers. The watch comes in a new presentation box.
