## Description

Having just come from our workshops after a clean and light tidy up these eight Balloon Back dining chairs are ready for their next adventure. In mahogany as already mentioned, they have the crown back and a well turned flowing leg. They are a little earlier than some available. They have the serpentine shape to the front of the seats, these seats are very useable but do have some light marking from their previous lives. We think this would clean but you may wish to upholster in a fabric to suit your own colour scheme. Being a knockout seat they are the most economical to do, if that is your choice. The backs are 89cms tall, and the measurements below are on the seat. We have sets of four and six if required and tables to go with. Dont hesitate to give us a call if you would like to discuss.
