Description

A beautiful Victorian antique carved oak Greenman desk. The antique desk has a rectangular shaped oak top with an arrangement of seven drawers around the central knee hole below, each fitted with heavily carved Greenman motif pull handles. Raised on a plinth base with block feet. Rich colour and beautiful carved detailing throughout. Complete with working lock and key. Item Ref: M-4631 . DIMENSIONS: Height - 75.5cm / Width - 104cm / Depth - 55.5cm / Legroom - 59cm (H) / 36.5cm (W) . CONDITION REPORT: In good antique condition throughout with some signs of age. There is surface wear in places including age-related marks, scratches and fading to the top, sides and front (pictured). The sides also have age-related shrinkage splits (pictured), however this doesn't affect the overall integrity of the product. There is evidence of historic woodworm to the base (pictured), however this is now long gone and has been fully treated as a precaution. The antique carved oak Greenman desk remains structurally solid and sound, with the drawers running well. Complete with working lock and key. Overall, a good example of carved antique furniture.
