Description

A superb bankers style desk lamp dating from the early 20th Century. It is a very well made and stylish piece with a heavy round brass base and the arm can be adjusted on a ball joint. The brass shade can also be tilted to direct the angle of the light. The base of the lamp is approximately 8" (20cm) diameter. The shade is 9" (23cm) wide and the lamp stands 15" (38cm) tall. The lamp has been re-wired and PAT Tested and is in good working order. It takes a standard bayonet bulb (bulb not included with lamp). It is in good condition for its age. The brass has tarnished slightly over time and there are signs of age and use and some minor dinks and surface marks here and there but overall it displays very well. It has been lightly cleaned and polished and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK delivery £15.
