Description

A fantastic antique military campaign chest in teak and brass. This was made in England, it dates from around the 1840-1860 period. It is of amazing quality and is a very useful size, with lots of storage space. This sits on nicely turned legs and the chest comes apart in two pieces for ease of transport, as is typical of these military chests. We have had this re-polished, the teak retains a gorgeous patina and colour tone, with various small marks here and there remaining beneath the polish. Width – 39 inches , 100 cm Depth – 18 inches , 46 cm Height – 41 inches , 105 cm
