Description

A beautiful, high quality walnut dresser from the late 19th century. With two heavily carved drawers to the upper area, cellarette drawer to the right, alongside cupboard doors to the centre and left hand side. The drawers have their original ring handles, whilst the lower section has the most fantastic cast lion head ring handles unusually fitted to the panel centres. The arcaded plinth sweeps into a well carved bracket feet to the front. Probably had a back or back rail at some time but this really is an unusual top notch dresser that is in super condition.
