Description

Art Deco Bankers Lamp. This rare version of an electric 'bankers-lamp' is like the one that sat on Poirot's desk throughout all of series 1 to 5. Made from anodised aluminium, which makes the lamp appear to have a gold sheen in some light and then can appear silver in others. Most bankers lamps also have an adjustable shade but this lamp instead has a sliding grill/filter which moves up and down by hand to enable the user to control the brightness of the light. This lamp in excellent condition and recently rewired with an authentic cord lead and PAT tested.
