Description

Here is a lovely oval Black Forest mirror, intricately carved in fruitwood depicting vine branches, leaves and berries. The wood is golden in colour and has a rich and warm patina. To the reverse is a makers mark of 'SUT', presumably a continental maker. The bevelled mirror has the surface wear to be expected of a piece of its age, and the carved wooden frame is in excellent condition. The frame measures 41cm by 30 cm, with the mirror itself measuring 25cm by 19cm. Please study the photographs, and if there is anything that I can help you with, please don't hesitate to get in touch. I offer free delivery to mainland UK, and and very happy to arrange quotes for shipping overseas.
