Description

A good example of a large Arts and Crafts copper charger with stylised floral decoration around the raised rim with a punched border. It dates from the late 19th / early 20th century and is stamped twice on the reverse "JP" for John Pearson, a well respected craftsman of the Newlyn School and Guild of Handicrafts. It is in good original condition with no major damages. There are signs of age and use, some small dents, dinks and surface marks but nothing untoward and it displays well. It has been cleaned and lightly polished to retain its patina and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions please ask. Tracked UK delivery £15
