Antique Pine longcase clock

Price

Sold**Item Reference: SA98009****Date of manufacture: 1750**

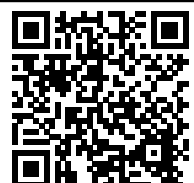

Description

An interesting Oxfordshire 'cottage' Quaker made pine longcase clock. A slim, well proportioned case with a flat moulded hood pediment. Hood columns with wooden capitals. A small 10" brass and silvered dial with corner spandrels and Quaker centre dial decorations. Blued steel hands. A quality 'birdcage' mechanism of 30 hour duration striking the hours on a bell. William Green of Milton-Under-Wychwood is recorded in Loomes' 'Watchmakers and Clockmakers of The World' book as working circa 1770. Height 6ft 8 " / 204 cms £ 1250 (US\$ 1952) (Euro 1452)
