Description

This exceptionally pretty Art Deco daisy cluster ring is set with beautiful old-cut diamonds which shimmer and twinkle in even the lowest of lights. Irresistible as an engagement ring or an indulgent treat for yourself! With eight sparkling 2mm diamonds circling a central stone of 3mm, flanked by two 4mm gems, the total diamond weight is estimated at more than 0.8 carats. There are marks inside the ring but they are too worn to be legible. The shank is solid 18-carat gold, with the diamonds set into platinum. Size N (UK), approximately 6.75 (US). The flower head is 8mm in diameter. The gem-set face of the ring is approximately 1.5cm wide and sits around 4mm above the finger. Weight: 1.9g. FREE INTERNATIONAL SHIPPING! Apologies but we cannot ship to Germany, any orders from Germany will be cancelled and refunded. Antique boxes pictured are not included unless specified; your item will come in a new box.
