Description

This is a wonderful example of a very rare gents classic wristwatch made by the world renowned premier Swiss maker Longines. This is Model Reference 5045 with Arctic dial one of the most sought after oversize Vintage Longines. The movement is the legendary calibre 12.68zs one of the finest movements ever made by Longines. The stainless steel case is a Jumbo model measuring 37.5mm without the crown. The dial is the matt white arctic dial complemented with beautiful blued steel hands. It has just been professionally serviced and a new glass has been fitted. The heavy solid stainless steel case has been ultrasonically cleaned so is pristine. As you would expect the watch is fully marked on the dial, movement and case. It comes complete with a brand new quality brown leather strap. Longines are one of the most exclusive watchmakers in the world and this watch certainly has that understated elegance that whispers class. Overall this watch is in outstanding condition and probably the best of this model we have ever come across and highly sought after by collectors.
