Description

1930s Swiss lever pocket watch. The watch has a nice quality 15 jewel Swiss stem-winding movement which is working well. The movement is protected by an inner hinged cover. The watch measures 50.6mm diameter excluding the winding stem and the loop. The case is 10ct gold filled and is the Moon model made by the Dennison Watch Case Company, a prolific supplier of cases to various watch makers. The case has light surface marking from use but overall nice condition for a 1930s piece. The glass lens has minor marking although very acceptable. The white enamel dial has a faint surface scratch between 7 & 8 but otherwise it is in nice condition with original blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
