GBP 5,400

| USD \$7,307 | EUR 6,319

Item Reference: SA982110

Date of manufacture: 19th Century

Dimensions

Height = 15 cm (5.9")

Width = 15 cm (5.9")

Depth = 15 cm (5.9")

Description

Number 199, a two day marine chronometer by James McCabe, London, beautifully signed and numbered on the dial and movement, and the number on the bottom of the bowl. In a three part mahogany case now with an enamel plaque. Unusually this fine chronometer has no up and down dial making the 3.25 dial look very elegant with gold hands. The movement has an Earnshaw type escapement and maintaining power. The number would suggest a date of around 1825 Fully cleaned and serviced

Internal Ref: SKU00001176
