Description

Antique Elgin full hunter pocket watch, 1913. The watch has a seven stem-winding movement, grade 292, which is working nicely. The movement is fully signed and the serial number 17178683 which dates this particular watch back to 1913. The movement is protected by an inner hinged cover which has some surface scratching from use. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold filled and was made by the Keystone Watch Case Company. The case is in nice condition with only light surface marking from use and a mild bruise to the edge of the back cover. The winding crown pushes in to open the front cover. Inside, there is an acrylic lens which is in nice condition. The signed dial has a very faint hairline crack under the sub seconds dial but otherwise it is in nice condition. The watch has its original blued steel hands. The watch comes in a new presentation box.
