Description

Arts and Crafts Oak Monks Bench Settle, Hall table This useful piece is known as a Monks Bench, it is in fact a settle with storage compartment inside the seat and the back of the bench can be pulled over, it then rests on the top of the arms making a very useful hall table with an 1" thick table top. A great idea and very useful, especially where space is limited and both seat and a table are needed. The bottom of the settle has a little carved decoration to the front, there is a shrinkage crack in the side by the open heart, this has no movement and has probably been there since the piece was made. A lovely piece in good sound condition, it is 29" high as a table 36" wide and 19" deep MS61.
