Description

UK POSTAGE ONLY FOR THIS ITEM Gents Omega wrist watch, 1956. The watch has a calibre 284 hand-winding movement which is working nicely. The movement is fully signed and it has the serial number 15,143,354 which dates it back to 1956. The watch measures 35mm diameter excluding the winding crown and the lugs. The case is stainless steel and it is in good condition with just general light surface marks. The inside of the screw-on case back has the Omega logo together with the case reference 2910-2SC which is correct for the calibre 284 movement. Later plain winding crown. The lens has light marking but is very acceptable. The dial has a small mark underneath number 8, and general light marking but again, nothing too serious. Original hands, seconds sweep and outer minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
