Description

Royal House Antiques is delighted to offer for sale this very rare and highly collectable, large mahogany framed with leather embossed panels library bookcase cupboard with build in drawers. Please note the delivery fee listed is just a guide, it covers within the M25 only for the UK and local Europe only for international, if you would like an accurate quote please send me your postcode and I'll provide you with the exact price. This is a very grand piece of English country house furniture. It has ornate leather embossed panels as mentioned to all the doors, there are various height adjustable shelves and again as mentioned, a good selection of drawers with the original brass handles. The piece comes in two easy to transport pieces, it is very large and totally solid, it is also very straight and true which is a sign of very high quality furniture. We have cleaned waxed and polished it from top to bottom, there will be age and use related patina marks here and there as you would expect. There are a number of shelves present as pictured, I can have more made with my French polisher and cabinet maker at the cost price should the new owner wish. Dimensions Height:- 220...
