Description

Gents Longines wrist watch, 1965. The watch has a Longines calibre 30L 17-jewel hand-winding movement which is working nicely. The movement is fully signed and it has the serial number 12,708,054 which dates it back to 1965. The watch measures 35mm diameter excluding the winding crown and the lugs. The case is stainless steel and it is in good condition with just general light surface marks, nothing serious at all. The inside of the case is signed with the Longines name and logo. The lens is in good condition. The signed dial is in its original finish with original hands and a subsidiary seconds dial. There is some age related marking. A new leather strap has been fitted. The watch comes in a new presentation box.
