Depth = 10 cm (3.9")

Description

This is a near mint example of a Rare 1966 Ladies Omega Seamaster Deville Automatic wristwatch. The watch is the Seamaster Deville with calibre 861 automatic movement. This is one of the best small automatic movements ever made, its very reliable. This is an amazing unrestored example of this iconic Omega. All of the edges are clean and sharp, it has never been polished or restored. The original silver dial is perfect, the only thing we have done is to service the movement and give the case a thorough ultra sonic clean. The movement has just been serviced and comes with a 1 year warranty. As you would expect the watch is fully marked on the dial, movement and case. The watch case measures 28.5mm in diameter not including the crown. This is the largest Pre 1970s ladies Seamaster model. It clearly has been seldom worn and a superb collectors piece. It comes with a choice of strap colours, if you require a different colour or style please let us know. Overall this watch is in superb original condition and an absolute must for Omega collectors. The watch has been fully serviced by and is guaranteed to be a genuine Omega in all respects. It has been professionally overh...
